

## Cambridge Health Alliance uses Virtual Care to connect staff with patients

**Solution:** Virtual Care

The health system with over 140,000 patients in Massachusetts relies on Meet to support staff and caregivers

6300 staff members in 2 hospitals  
and 16 care centers

Conducting 1000+ Meet sessions per day

“With one click, staff have been able to connect from their Gmail, Calendar, or from Meet-enabled conference rooms across three hospitals, 15 health centers, or from home.”
